To Whom It May Concern,

This letter is to confirm that Perin Shah was a registered Hack Club leader at the Navrachana University.

Hack Club is a global nonprofit organization building a network of high school makers and student-led coding clubs. We were founded in 2014 with the goal of bringing computer science education to every school with a by- the-students, for-the-students model. Hundreds of potential club leaders apply to Hack Club each year.

Perin applied to Hack Club in September 2019, and his application demonstrated excellent vision and leadership to begin a Hack Club.

Perin completed his term as a Hack Club lead which spanned from September 2019 - September 2020 and helped in the transition of the club's leadership.

For any questions, you can reach me at the contact information below.
